

## **Module 5: Ethics of AI and Respecting Academic Integrity – Key Takeaways**

### **LEAD Framework to Define Appropriate AI Use**

#### **L – Learning & Effort**

AI should support, not replace, active engagement and problem-solving.

#### **E – Ethical & Transparent**

Use AI responsibly and disclose its use when necessary.

#### **A – Accuracy & Reliability**

Verify AI-generated content to ensure credibility and correctness.

#### **D – Development of Skills**

AI should enhance learning, not create dependency.
